Dear Ralph:

I have enjoyed receiving your news letters and copies of the pictures which you have been sending to your supporting churches. The latest one to arrive is a picture of a Guatemalan family showing Marta, whose life I understand was saved by the nurse at the Mam Center. I am sure that your friends must be thrilled by receiving all these fine pictures that you have been sending.

Dr. Marcel Pradervand, Secretary of the World Presbyterian Alliance, has written asking whether we have any pictures showing the progress of evangelical work in Latin America. He would like to put any such pictures that we may have in an exhibit which is to be held in Brussels in the spring. I do not know the exact date.

I am sure that some of your pictures taken in Guatemala and possibly some in Costa Rica might be just what Dr. Pradervand wants. Do you have a collection of contact prints that you could send us so that we could make selection? Better still perhaps if you could make a selection yourself and then you could send them up to us. In any case, we would be willing to pay the cost.

We hope to get some pictures of other parts of Latin America also.

With very best wishes for the New Year,

Sincerely yours,

W. Stanley Rycroft
